

ARC BENCH CUSHION

As an ode to the Art Deco period, Arch is a transformation of lavish architectural details into a collection of minimalist furniture. Featuring a Console and Bench, Arch is characterised by steps and arches, creating a certain depth and play of shadows.

Made from a base of fiber concrete, the Arch Console features a tabletop of exquisite marble, emphasising the rich and beautiful patterns of natural stone. The polished surface softly reflects light, adding a warmth to the Arch Console.

Arch Bench is made entirely from cast fiber concrete, with the option of adding the Arch Bench for increased comfort. The rectangular Arch Bench is made of foam with linen fabric in color chalk, creating a beautiful contrast between the smooth concrete surface and the tactile cushion.

Designed by Kristian Sofus Hansen & Tommy Hyldahl

Product no: 223092

Type: Bench Cushion

Designer / Year of design:

Kristian Sofus Hansen & Tommy Hyldahl, 2021

Colour: White Chalk

Material: Linen

Care instructions: Use a clean, damp cloth to soak up the liquid. Do not scrub the cloth and grind the stain into the fabric this will damage the surface of the fabric. For the best results gently dab and lift the stains. For slightly more stubborn stains and, a mild detergent can be used. Never use a scourer as this will damage the surface of the bouclé. Use the soft side of a white colored cloth. bouclé furniture is not suited to places in direct sunlight as the fabric can become sun damaged.
