BIG FOOT BENCH

The Big Foot Collection, a nod to the innovative spirit of 1970s futuristic design and the space age era, redefines seating with its array of benches and stools. Infused with the raw, unrefined charm of brutalist architecture and the finesse of contemporary sculpture, this collection stands out with its impactful design language. The pieces are more than just furniture—they are a harmonious blend of functional artistry and luxurious comfort. At the heart of each item in the collection are the cylindrical legs, which exude modern sophistication, making each piece a distinctive icon of style. Their unique charisma effortlessly distinguishes them, ensuring they are not just furniture, but conversation starters and statement pieces in any living space. The Big Foot Collection transcends the ordinary, offering unparalleled aesthetic appeal, practicality, and portability. It's where visionary design meets meticulous craftsmanship.

The collection now introduces the luxurious Sandshell Sheepskin upholstery, available for the Big Foot Bench, Big Foot Bench Petit & Big Foot Stool. The fabric that adds a subtle, earthy elegance to each piece, offering a rich texture and warm tone that elevates the seating experience with a touch of natural luxury. Carefully selected for its superior quality and aesthetic appeal, Sandshell Sheepskin enhances the collection's signature design, ensuring that each bench is not only visually stunning but also invitingly cozy.
