Do not use household cleaners.
Be careful when adjusting the lampshades.

Suitable for rooms with a height of 230-320 CM.
Certificates: EMC - LVD
Does not comply with US Standards.

DROP CHANDELIER BRONZE

You can almost sense the movement of the Drop Chandelier, as if it were a living sculpture, effortlessly adapting to its surroundings. This striking design doesn't just occupy space - it transforms it, radiating elegance and artistry. Rooted in the timeless aesthetics of 1950s modernist lighting, the Drop Chandelier pays homage to the past while embracing the future. Its fluid, organic form is brought to life through 14 flexible, adjustable arms, allowing for endless compositions, angles, and expressions.

The gently curved shades create a dynamic play of light, making every moment feel unique. Crafted with meticulous attention to detail, the chandelier is available in a raw oxidized finish and three exquisite metals - brass, bronze, and burned black. Each plated metal body is carefully hand-brushed, ensuring a refined, artisanal touch. The Drop Chandelier transcends conventional lighting - it is a refined expression of artistry, fluidity, and timeless innovation.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.
