

101

C O P E N H A G E N

Product no: 253035

Type: Chandelier / Indoor
Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2017

Colour / Material:
Chrome / White acrylic tubes
Glass tube shade
Cable: Fabric covered cable / Black

Dimensions:
L100 / W6 / H10 CM

Country of origin: CN
Product weight: 2,3 Kgs

Packaging:
Dimensions: L107 / W15 / H12 CM
Total weight incl. product: 3,2 Kgs
Number of parcels: 1
Material: Brown cardboard

Light source:
Inbuilt LED light
LED bulbs cannot be changed or replaced
Burning hours: 25.000 hours
IP rating: 20 Max Watt: 7
Kelvin: 2700 Lumen: 2059

The lamp has an inbuilt dimmable driver. Tap the touch button lightly to turn on and off. Hold down touch button for dimmable effect.

Please note: The lamp is delivered without a cable.
A matching cable set can be purchased separately if desired

Care instructions:
Use a soft dry cloth to clean the product.
Do not use household cleaners.

Suitable for rooms with a height of 230-320 CM.
Certificates: CE, UKCA, LVD, EMC
Does not comply with US Standards.

FRAME WALL LAMP BIG

The Frame lighting collection is centered around the idea of framing the light source. By combining layers of contrasting materials, Frame creates a distinctive and atmospheric lighting experience.

The typically hard and industrial character of perforated metal is softened by an outer layer of transparent glass with rounded ends, giving the design a fluid and almost gentle expression. This balance between sharpness and softness defines the visual identity of the collection.

Concealed beneath the layers of perforated metal and transparent glass, the integrated LED light source sits encased in a white acrylic tube. This hidden core diffuses the light evenly, creating a warm and soft glow that enhances the depth and character of the layered design.

Frame is available in four variations, all built around the same design language. The wall lamps come in two sizes — 50 cm and 100 cm — offering flexibility for different spaces and compositions. The pendant version shares the same lampshade design and is available in a 100 cm length, ideal for dining areas, kitchens or open spaces where it can act as both a functional and sculptural element. Completing the collection is the Frame Pendant Fat — a bolder interpretation with the same expression but a larger diameter, adding a more voluminous and striking presence to any setting.

With its layered materiality and refined proportions, the Frame collection offers a thoughtful contrast between industrial edge and soft elegance.
