

KATACHI VASE BIG

Katachi, the Japanese word for “shape”, emphasizes the interaction between surface, light and shadows. The uneven surface creates a cascade of small shadows, highlighting the organic form and silhouette.

Featuring a high-gloss ceramic glaze, the vases reflect their surroundings with a fluid, mirror-like quality, further enhancing the interplay of light and texture. The glossy finish contrasts beautifully with the raw and irregular forms, making each piece feel both refined and sculptural. The collection includes three distinct sizes, each designed to work harmoniously together or stand out on its own. Whether used for floral arrangements or displayed as standalone objects, the Katachi vases bring a quiet sense of movement and character to any space.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 253040

Type: Vase - Indoor

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2024

Colour: High Glaze Birch
Material: Ceramic

Care instructions:
Avoid using sharp object as this can harm the surface of the product.
Do not use household cleaners.
Waterproof.
For daily cleaning, please use a soft cloth or soft brush and lukewarm water.
The vases are not suitable for dishwasher.

Dimensions: L33,5 / W33,5 / H50 CM

Country of origin: CN
Product weight: 4,45 Kgs

Packaging:
Dimensions: L40 / W40 / H50 CM
Total weight incl. product: 5,98 Kgs
Number of parcels: 1
Material: Brown cardboard
