

## LINDA

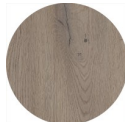

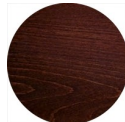

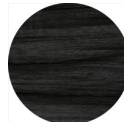

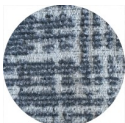

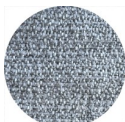

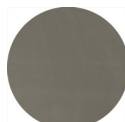

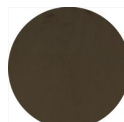

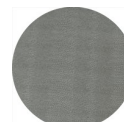

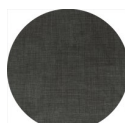

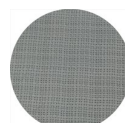

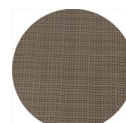

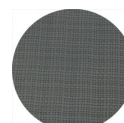

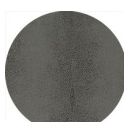

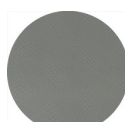

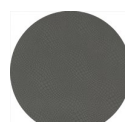

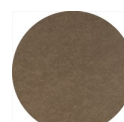

### SEDIA DA PRANZO

Le sedie LINDA hanno un'attitudine moderna. Sono sedie di lusso con un prezzo comunque accessibile. Lo schienale basso è rastremato per conferire un aspetto leggero ed elegante. Il retro dello schienale può essere trapuntato (solo su tinta unita). Le gambe in legno della sedia possono essere verniciate in wengé amazon semilucido (WA) o zaffiro scuro semilucido (MSO)

## ARTICOLI

| CODICE | DESCRIZIONE     | DIMENSIONI (cm) | DIMENSIONI (in) | NOTE |
|--------|-----------------|-----------------|-----------------|------|
| 0566/S | Sedia da Pranzo | 49 x63 x85      | 19 x25 x33      |      |

## FINITURE

|                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                     |                                                                                      |                                                                                       |                                                                                       |                                                                                       |
