LIPARI WHITE LEATHER SWIVEL ARMCHAIR

Named after the largest of the Aeolian Islands, this swivel armchair stands out for its full volumes and luminous silhouette fully covered in prized white leather. The sleigh-like shell incorporating the armrests hosts the plush seat and backrest, which is marked by a subtle quilted detail for added refinement. A sturdy, four-spoke, swivel base in black-lacquered metal completes its distinctly modern and functional design. Please contact the Concierge for available fabric upholstery options.
