

NI VASE, MINI

Named after the Japanese word for movement, the Ni Vase Collection captures the essence of motion through form. Each vase is crafted in ceramic with a dynamic, organic silhouette that evokes a sense of speed and fluidity.

Characterized by two sculptural legs that meet at a central point, the design creates a subtle sense of balance and tension. A small opening at the top offers space for a single branch, a few delicate stems, or a minimalist arrangement - though the vase is equally striking as a standalone art piece. Available in three distinct shapes and sizes, Ni brings sculptural elegance and quiet energy to any space. Style alone or group multiple sizes for a sculptural statement.
