Tommy Hyldahl

Plinth Coffee Table, 80x80 - Coffee Black Oak

Product Description

The Plinth Coffee Table, 80x80 is inspired by the timeless construction principles of traditional Japanese temples, a study in balance, simplicity, and quiet strength. Its sculptural form celebrates the beauty of structure, where every element exists in harmony and nothing feels excessive.

A perfectly square tabletop appears to float gently above its architectural base, creating a sense of lightness despite the solidity of the material. The distinctive cross-shaped construction draws the eye inward, establishing a calm visual rhythm that feels both grounded and effortless. Like the wooden beams of traditional Japanese architecture, each component supports the whole, creating a natural sense of stability and permanence.

Crafted from FSC-certified American Red Oak, the table reveals the natural character of the wood through its expressive grain and warm tones. Finished in Coffee Black Oak, a profound, very dark brown that borders on black, the surface recalls the richness of oak aged to its deepest intensity. With warmth hidden beneath its shadowed surface, the finish brings strength, subtlety, and quiet sophistication to the sculptural form.

More than a coffee table, the Plinth is an invitation to slow down. Its generous square surface makes it well suited to living rooms, lounge areas, and larger seating arrangements, while its architectural base gives it a strong presence from every angle. Placed centrally in a seating area, it creates a natural gathering point, complementing contemporary interiors with its quiet balance and considered craftsmanship.

The Plinth Coffee Table embodies the Japanese appreciation for simplicity, craftsmanship, and the quiet beauty found in thoughtfully made objects.

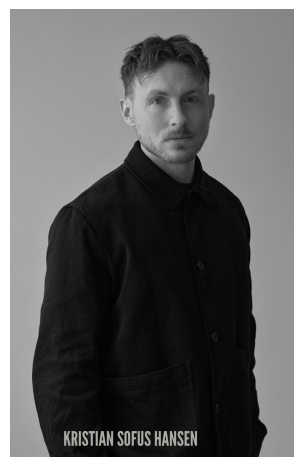

Designer Description

Tommy Hyldahl and Kristian Sofus Hansen intertwine their distinct sensibilities to create designs where storytelling, materiality, and timeless form meet in quiet harmony.

With a background in fashion, Tommy brings an intuitive eye for trends, colors, and textures. His process is one of layering histories, blending details and references from past design periods and reimagining them into something fresh and contemporary. Each collection unfolds as a narrative, evolving from concept to creation, with every element contributing to a greater story.

Kristian, who has lived and studied in Japan, seeks to unite Japanese aesthetics with Danish design, creating a characteristic twist on simplicity itself. His work is defined by the search for subtle, original details that elevate each piece with a unique signature. Drawing inspiration from art and sculpture, his creative process unfolds in new and exciting ways, always striving to craft designs that are both functional and timeless.

Together, they craft design that transcends time, poetic yet practical, expressive yet enduring.

Family Description Text

Color Description

Coffee Black Oak is a profound, very dark brown that borders on black, recalling the richness of oak aged to its deepest intensity. With warmth hidden beneath its shadowed surface, it carries both strength and subtlety. This near-black shade speaks of quiet sophistication, timeless depth, and a natural elegance that grounds and enriches any setting.

Plinth Coffee Table, 80x80 - Coffee Black Oak

Maintenance Guide Description

American Red Oak is a durable hardwood that matures beautifully, developing a rich patina over time. To maintain its character, dust surfaces regularly with a soft, dry cloth. For deeper cleaning, wipe gently with a slightly damp cloth in the direction of the grain, then dry immediately to prevent moisture from settling.

Avoid abrasive cleaners, silicone-based polishes, or excess water, as these can damage the surface or raise the grain. Protect oak with coasters, mats, or felt pads to prevent stains, scratches, and heat marks. Wipe spills promptly, and keep furniture away from direct sunlight, high humidity, or heat sources to prevent fading, cracking, or warping.

With mindful care, American Red Oak will preserve its natural strength and warmth, aging with quiet elegance and becoming richer in character over the years.

Materials Description

Our wooden furniture begins with American Red Oak a living material with a story in every grain. FSC-certified and responsibly sourced, this hardwood carries the quiet strength of the forests it comes from. Naturally resilient and long-lasting, it matures over time, developing a rich patina that speaks to years of use and care. Oak's tight grain and inherent strength make it ideal for everyday use, while its warm tones and textured surface add a grounded, refined beauty. It invites touch and wear, growing more personal with each passing year. We work with this wood respectfully, letting its natural stability guide sculptural forms bold lines, soft curves, and details that highlight its character.
