

SUNAO PLANT POT BIG

Sunao, the Japanese word for being honest, is all about the simplicity and beauty of a classic vase design. Sunao comes in four different sizes, perfectly fitting a wide range of functions from small vases in the kitchen space to a centrepiece on the dining table, as well as a large plant pot for a tree in the living room. Sunao comes in two texture variations. A clean surface in Birch and Black colour and Beehive texture, emphasising a tactile and organic surface. Made from casts of shellfish found on a beach, the vase is a true wonder of nature. Sunao vases is made from ceramic and is hand glazed to achieve a unique mat surface texture. The colours may vary slightly, due to that it's a handmade product. Glazed on the inside with waterproof lacquer, Sunao is 100% waterproof and can be used for fresh flowers.
