

TRUMPET TABLE LOW

Inspired by 70's design, the Trumpet Table is designed in a trumpet shape with soft curves and a circular tabletop. Trumpet is all about clean geometric shapes and embracing the beauty of natural materials. The base in fibre concrete is topped with an exquisite Calacatta marble, emphasising the rich and beautiful patterns of the natural stone. The polished surface softly reflects the light, adding both warmth and depth to the Trumpet. The Trumpet makes a strong, fun presence in both residential and commercial spaces, for example in living rooms, bedrooms, offices, hotel suites, restaurants and bars.
