

URCHIN PLANT POT BIG

Inspired by the unique shape of a sea urchin, the Urchin collection features a large oval pot elegantly positioned on three characteristic legs. This innovative design reimagines the traditional plant pot saucer, incorporating a waterproof base that captures excess water while allowing your plants to breathe.

Each vase showcases our distinctive Beehive texture, highlighting a tactile and organic surface. Crafted from casts of shellfish found along the shore, the Urchin vases are a celebration of nature and the beauty of time standing still.

The Urchin collection is available in four sizes, with each piece consisting of a plant pot and a matching saucer. Both components are waterproof, and a small drainage hole in the bottom of the pot ensures optimal water and air flow for your plants.

Designed by Kristian Sofus Hansen & Tommy Hyldahl.

Product no: 251063

Type: Plant Pot
Indoor/outdoor, not frostproof

Designer / Year of design:
Kristian Sofus Hansen & Tommy Hyldahl, 2020

Colour: Birch
Material: Fiber Concrete

Care instructions:
Use a soft dry cloth to clean the product.
Do not use household cleaners.

Dimensions: L56 / W56 / H40 CM
Capacity: 66L
Country of origin: CN

Product weight: 12,00 Kgs

Packaging:
Dimensions: L65,5 / W65 / H51,5 CM
Total weight incl. product: 13,50 Kgs
Number of parcels: 1
Material: Brown cardboard
